

*10 Incredible Journeys of Conquering*

# **CANCER**

"Courage, Resilience, and Hope in the Face of Adversity"

## IN "TRIUMPH OVER CANCER:

Inspiring Survivor Stories," we delve into the remarkable journeys of individuals who faced the formidable challenge of cancer and emerged victorious. These courageous souls share their experiences of resilience, determination, and hope, serving as a beacon of inspiration for those still battling the disease. Join us as we celebrate the triumphs of these incredible survivors and find strength in their stories of overcoming adversity.

**Keep hope alive.  
Defeat cancer.**

## STORY ONE

"Through the darkest of storms, the human spirit prevails, and as cancer survivors, we stand as living proof that hope and determination can conquer even the most formidable challenges."

KAMAL SINGH SHARMA

PANCREAS CANCER SURVIVORS

Under Treatment at DSRC – 1995 – 1997

The story that highlights Mr. Sharma's resilience and determination in the face of pancreatic cancer, and offers hope and inspiration to cancer patients:

Mr. Sharma's life changed dramatically when he was diagnosed with pancreatic cancer, possibly spread up to his liver, at a renowned health institute in Delhi. He was overwhelmed with fear and despair, and the future looked bleak for him and his family. To make matters worse, he also suffered from jaundice and pneumonia. But Mr. Sharma refused to give up. With courage, confidence, and a determination to overcome his illnesses, he sought treatment at DSRC. The doctors immediately began his treatment, which included Nutrient Energy Treatment. In just a few months, Mr. Sharma began to experience positive results - he was able to sleep soundly, his appetite increased, and he gained weight. The jaundice disappeared, and his health started to improve.

With each passing day, Mr. Sharma's determination grew stronger. He refused to let cancer defeat him. After seven months of treatment, he was able to resume his day-to-day activities, and within nine months, he emerged victorious, defeating the dreadful disease.

Now, 15 years later, Mr. Sharma is living a normal and healthy life, surrounded by his family and loved ones. His story is a testament to the power of resilience, determination, and a positive attitude in the face of cancer. It proves that, no matter how grim the prognosis, there is always hope. With the right treatment, a strong will, and the support of loved ones, cancer can be defeated. If you or a loved one is facing cancer, remember Mr. Sharma's story and let it be a source of hope and inspiration. You can overcome this disease, and emerge victorious, just like he did.

## STORY TWO

"CANCER MAY HAVE TRIED  
TO BREAK ME, BUT I  
EMERGED STRONGER,  
WISER, AND FILLED WITH A  
NEWFOUND APPRECIATION  
FOR LIFE."

Mrs. Sharda Devi

GALL BLADDER CANCER SURVIVORS

Under Treatment at DSRC – 1996 – 1998

Cancer is often perceived as an invincible enemy, but Mrs. Sharda Devi's story of triumph over the disease serves as a beacon of hope for cancer patients all around the world.

When Mrs. Devi was diagnosed with Papillary Adeno-Carcinoma of gallbladder, her world seemed to crumble. But she refused to be bogged down by despair and instead fought back with all her might. With the support of her family, she came to DSRC for treatment, where she received Nutrient Energy Medication.

The medication worked wonders, as within just 15 days of treatment, Mrs. Devi's chronic fever and headache disappeared. Her appetite returned and her body started to heal. With each passing day, she gained more strength, and after three months, the tumor in her gallbladder was completely gone.

Mrs. Devi's recovery was nothing short of miraculous, as diagnostic reports confirmed that her liver, pancreas, spleen, and kidney were in perfect shape. With 21 months of Nutrient Energy Medication, she emerged victorious against cancer. Today, Mrs. Devi is a living example of how determination, courage, and the right treatment can overcome the deadliest of diseases. Her story gives hope to all cancer patients that there is always a chance of recovery and that they too can emerge victorious in their battle against cancer.

## STORY THREE

ALL YOU NEED IS LOVE.  
BUT A LITTLE CHOCOLATE  
NOW AND THEN  
DOESN'T HURT.

Master Paramdeep Singh Bhatiya

ACUTE LYMPHOCYTIC LEUKAEMIA SURVIVORS

Under Treatment at DSRC – 1999 – 2001

If you or a loved one is currently battling cancer, it can be easy to lose hope and feel like there is no light at the end of the tunnel. But the story of Master Paramdeep Singh Bhatiya proves that there is always hope, no matter how grim the prognosis may seem.

At just 2 years old, Master Paramdeep was diagnosed with Acute Lymphocytic Leukaemia, a brutal form of cancer that caused immense pain and suffering for him and his family. But his family refused to give up, and they came to DSRC for his treatment.

Thanks to the Nutrient Energy Medication administered by the doctors, Master Paramdeep started to show improvement within a year. His blood reports began to show positive results, and after two years of continuous treatment, cancer seemed like a distant memory, a nightmare of the past.

The story of Master Paramdeep is a shining example of the power of hope and perseverance in the face of cancer. No matter how difficult the journey may seem, it is possible to overcome this disease and emerge victorious. With the right treatment and a positive attitude, cancer can be defeated. So if you or a loved one is struggling with cancer, don't give up hope. Keep fighting, keep believing, and know that there are people out there who are dedicated to helping you overcome this disease. You are not alone in this battle, and with the right support and treatment, you can overcome cancer just like Master Paramdeep did.

## STORY FOUR

"EVERY SCAR TELLS A  
STORY OF TRIUMPH OVER  
ADVERSITY, OF THE  
UNYIELDING SPIRIT THAT  
REFUSED TO BE  
DEFEATED BY CANCER."

Mrs. Gouri Sengupta

CA RECTUM

CANCER SURVIVORS

Under Treatment at DSRC – 1994 – 1997

In 1994, 72-year-old Mrs. Gouri Sengupta received a devastating diagnosis: cancer, with metastases in her lymph nodes. Despite the bleak prognosis due to her age and weakened immune system, Mrs. Sengupta was determined to fight back with all her strength.

Choosing DSRC for treatment, she refused to be defeated by cancer. To everyone's surprise, she responded positively to the treatment. Her appetite improved, her sleep became better, and her overall health started to rebound. With time, she regained her physical strength and felt like herself again.

if you or a loved one is facing cancer, let Mrs. Sengupta's story be a beacon of hope and inspiration. Though the road may be challenging, with the right treatment and a fighting spirit, you can overcome even the toughest challenges that cancer presents. In 1997, Mrs. Sengupta wrote a heartfelt letter to DSRC, expressing her profound gratitude for the new lease on life they had given her. She defied the odds and enjoyed 14 years of a normal and healthy life. Her journey stands as a testament to the power of determination and resilience in the face of cancer, proving that hope prevails even in the darkest moments.

## STORY FIVE

"As cancer survivors, we carry the torch of hope, illuminating the path for others as they navigate their own journey to victory."

MR. RAM SHANKAR VERMA

CANCER SURVIVORS

GALL BLADDERCANCER

Under Treatment at DSRC – 1995 – 1997

Shri Ram Shankar Verma was just living his life normally when one day, he felt a sudden pain in his stomach. Little did he know that it would change his life forever. He was diagnosed with gall bladder stone and was advised to undergo surgery. However, when he arrived in Agra for the operation, the surgeon suspected cancer and the CT scan confirmed it - he had Metastasis Liver, one of the most life-threatening forms of cancer.

Despite the grim diagnosis, Shri Verma refused to give up hope. He decided to trust DSRC for his recovery and underwent Ayurveda based Nutrient Energy Treatment prescribed by the Ayurvedacharyas of DSRC. Within two months, he began to feel better and was able to eat all the foods that were once banned for him. After thirteen months of taking the medicine, his abdominal and other health-related problems vanished.

In a letter addressed to DSRC, he wrote, "I am confident that I will live..." And he was right. Since then, Shri Verma has been living a normal and healthy life without even a trace of the disease.

His story is a testament to the power of hope and faith in oneself. Even in the face of such a devastating diagnosis, Shri Verma never gave up. He trusted in the ancient Ayurveda based Nutrient Energy Treatment and it helped him defeat the cancer. His story gives hope to those who are fighting their own battles with cancer. With the right treatment and a positive attitude, anything is possible.

## STORY SIX

"Cancer may have changed my life, but it also taught me the true meaning of resilience, faith, and the beauty of the human spirit."

MRS. ANNAPURNA MAHESWARI

CANCER SURVIVORS

LIVER CANCER

Under Treatment at DSRC – 1993 – 1994

Mrs. Annapurna Maheswari was a woman who enjoyed spending time with her family, especially her grandchildren. However, when she received the news that she had cancer, her world was turned upside down. She felt defeated and hopeless, thinking that she would no longer be able to enjoy life with her loved ones.

But her family refused to let her give up. They rallied around her, determined to help her fight the cancer and regain her health. Mrs. Maheswari received treatment from a team of dedicated doctors, who administered Nutrient Energy Medication to help improve her overall health.

Despite the difficulties that came with her treatment, Mrs. Maheswari did not give up. She knew that her family was there to support her every step of the way, and that gave her the strength to keep pushing forward.

Finally, after 80 weeks of treatment, Mrs. Maheswari's cancer was defeated. The investigations showed that she was functioning perfectly, and she was given a clean bill of health. Her family was overjoyed to see her back to her old self, playing with her grandchildren and enjoying life to the fullest. Seventeen years have passed since Mrs. Maheswari defeated cancer, and she continues to live each day to the fullest. Her story of hope and determination has inspired many others who are fighting their own battles with cancer. She reminds us that with the love and support of those around us, we can overcome even the darkest of times and emerge stronger on the other side.

## STORY SEVEN

Through the battle with cancer, I discovered the power of love, support, and the unwavering determination to conquer all odds."

Mr. Sunil Singhal

CANCER SURVIVORS

ACUTE MYELOID LEUKAEMIA

Under Treatment at DSRC – 1994-1998

Mr. Sunil Singhal's story is a testament to the fact that cancer is beatable. At just 25, cancer threatened to steal all of Mr. Singhal's dreams away. But with the support of his family and the right treatment, he emerged victorious.

After a brief session of chemotherapy at a prestigious cancer research institute, Mr. Singhal felt disillusioned with conventional methods of treatment. He turned to DSRC for help, where he was prescribed Nutrient Energy Medication. Just 10 days after starting the medication, the Bone Marrow Test showed that he was "In Remission". Over the next 24 months,

Mr. Singhal continued taking the medication and his Bone Marrow Test Report confirmed that he was now a "Remission Case". Thirty months after starting the medication, his C.B.C. investigation report showed that everything was normal.

For the last 15 years, Mr. Singhal has been leading a normal and healthy life, free from the grips of cancer. His story is one of hope and inspiration, proving that with the right treatment and a positive attitude, cancer can be defeated.

## STORY EIGHT

"Cancer may have knocked me down, but I got back up stronger than ever, ready to embrace life with renewed vigor."

MR. ANIL KUMAR SRIVASTAVA

CANCER SURVIVORS

ACUTE MYELOID LEUKAEMIA

UNDER TREATMENT AT DSRC - 1992-1994

Mr. Anil Srivastava's story is one of hope and resilience. When he was diagnosed with cancer, it felt like his whole world was falling apart. But despite the fear and worry, he refused to give up. His family stood by his side and together, they searched for a solution.

After trying conventional treatments without success, they turned to DSRC for help. The Nutrient Energy Medication had a positive impact on his health and over time, the tests confirmed that his condition was improving. He no longer had to be hospitalized or face crisis situations while under the treatment.

Through his determination and the support of his family and the team at DSRC, Mr. Srivastava was able to overcome the odds. He is now leading a normal and healthy life for 21 years after successfully completing his treatment.

## STORY NINE

"As a cancer survivor, I am a living testament to the power of resilience and the triumph of the human spirit."

MR. PANKAJ KUMAR THAKUR

CANCER SURVIVORS

C.M.L. II

UNDER TREATMENT AT DSRC - 2007 - 2010

Pankaj's world turned upside down when he was diagnosed with Chronic Myelogenous Leukaemia at a young age. Fear and uncertainty engulfed him as sleepless nights, chronic fever, and fatigue took their toll. But Pankaj was a fighter, and he knew he had to confront this challenge head-on.

Turning to DSRC for treatment became the turning point in his life. Nutrient Energy Medication worked wonders for him, rejuvenating his health and restoring his energy. Blood tests showed the disease was under control, filling Pankaj with hope and confidence for the future.

With each passing day, Pankaj's determination grew stronger, and he embraced a healthy lifestyle to maintain his well-being. His strength and resilience paid off, and now, he lives a happy and healthy life.

Pankaj's story is a shining testament to the power of hope and determination. With the right treatment and a positive mindset, cancer can be conquered, and life can be regained. His inspiring journey encourages others facing similar challenges to never lose hope and keep fighting until they achieve victory over cancer.

## STORY TEN

All you need is love.  
But a little chocolate  
now and then  
doesn't hurt.

MASTER GAURAV AWASTHI

CANCER SURVIVORS

ACUTE LYMPHOCYTIC LEUKAEMIA

Under Treatment at DSRC – 1987-1990

Master Gaurav Awasthi's encounter with cancer at a young age posed formidable challenges, demanding a scientifically sound approach for his recovery. Turning to DSRC, the journey commenced with conventional treatment but yielded suboptimal results. However, with the introduction of Nutrient Energy Medicine, notable improvements were observed in his overall health condition.

Over the course of 26 months, a continuous regimen of Nutrient Energy Treatment coupled with maintenance therapy was administered. This comprehensive approach facilitated positive changes in Gaurav's physiological parameters. Subsequent biopsy reports and abdominal investigations demonstrated normalized activities in the testicle and abdomen, indicating the absence of cancer.

This milestone moment marks the significance of targeted Nutrient Energy Medicine in Gaurav's path to recovery. His story exemplifies the potential of a scientifically supported treatment approach, empowering patients to combat cancer with determination and evidence-based therapies. The success of Gaurav's journey underscores the importance of precision medicine in achieving positive outcomes in cancer management.

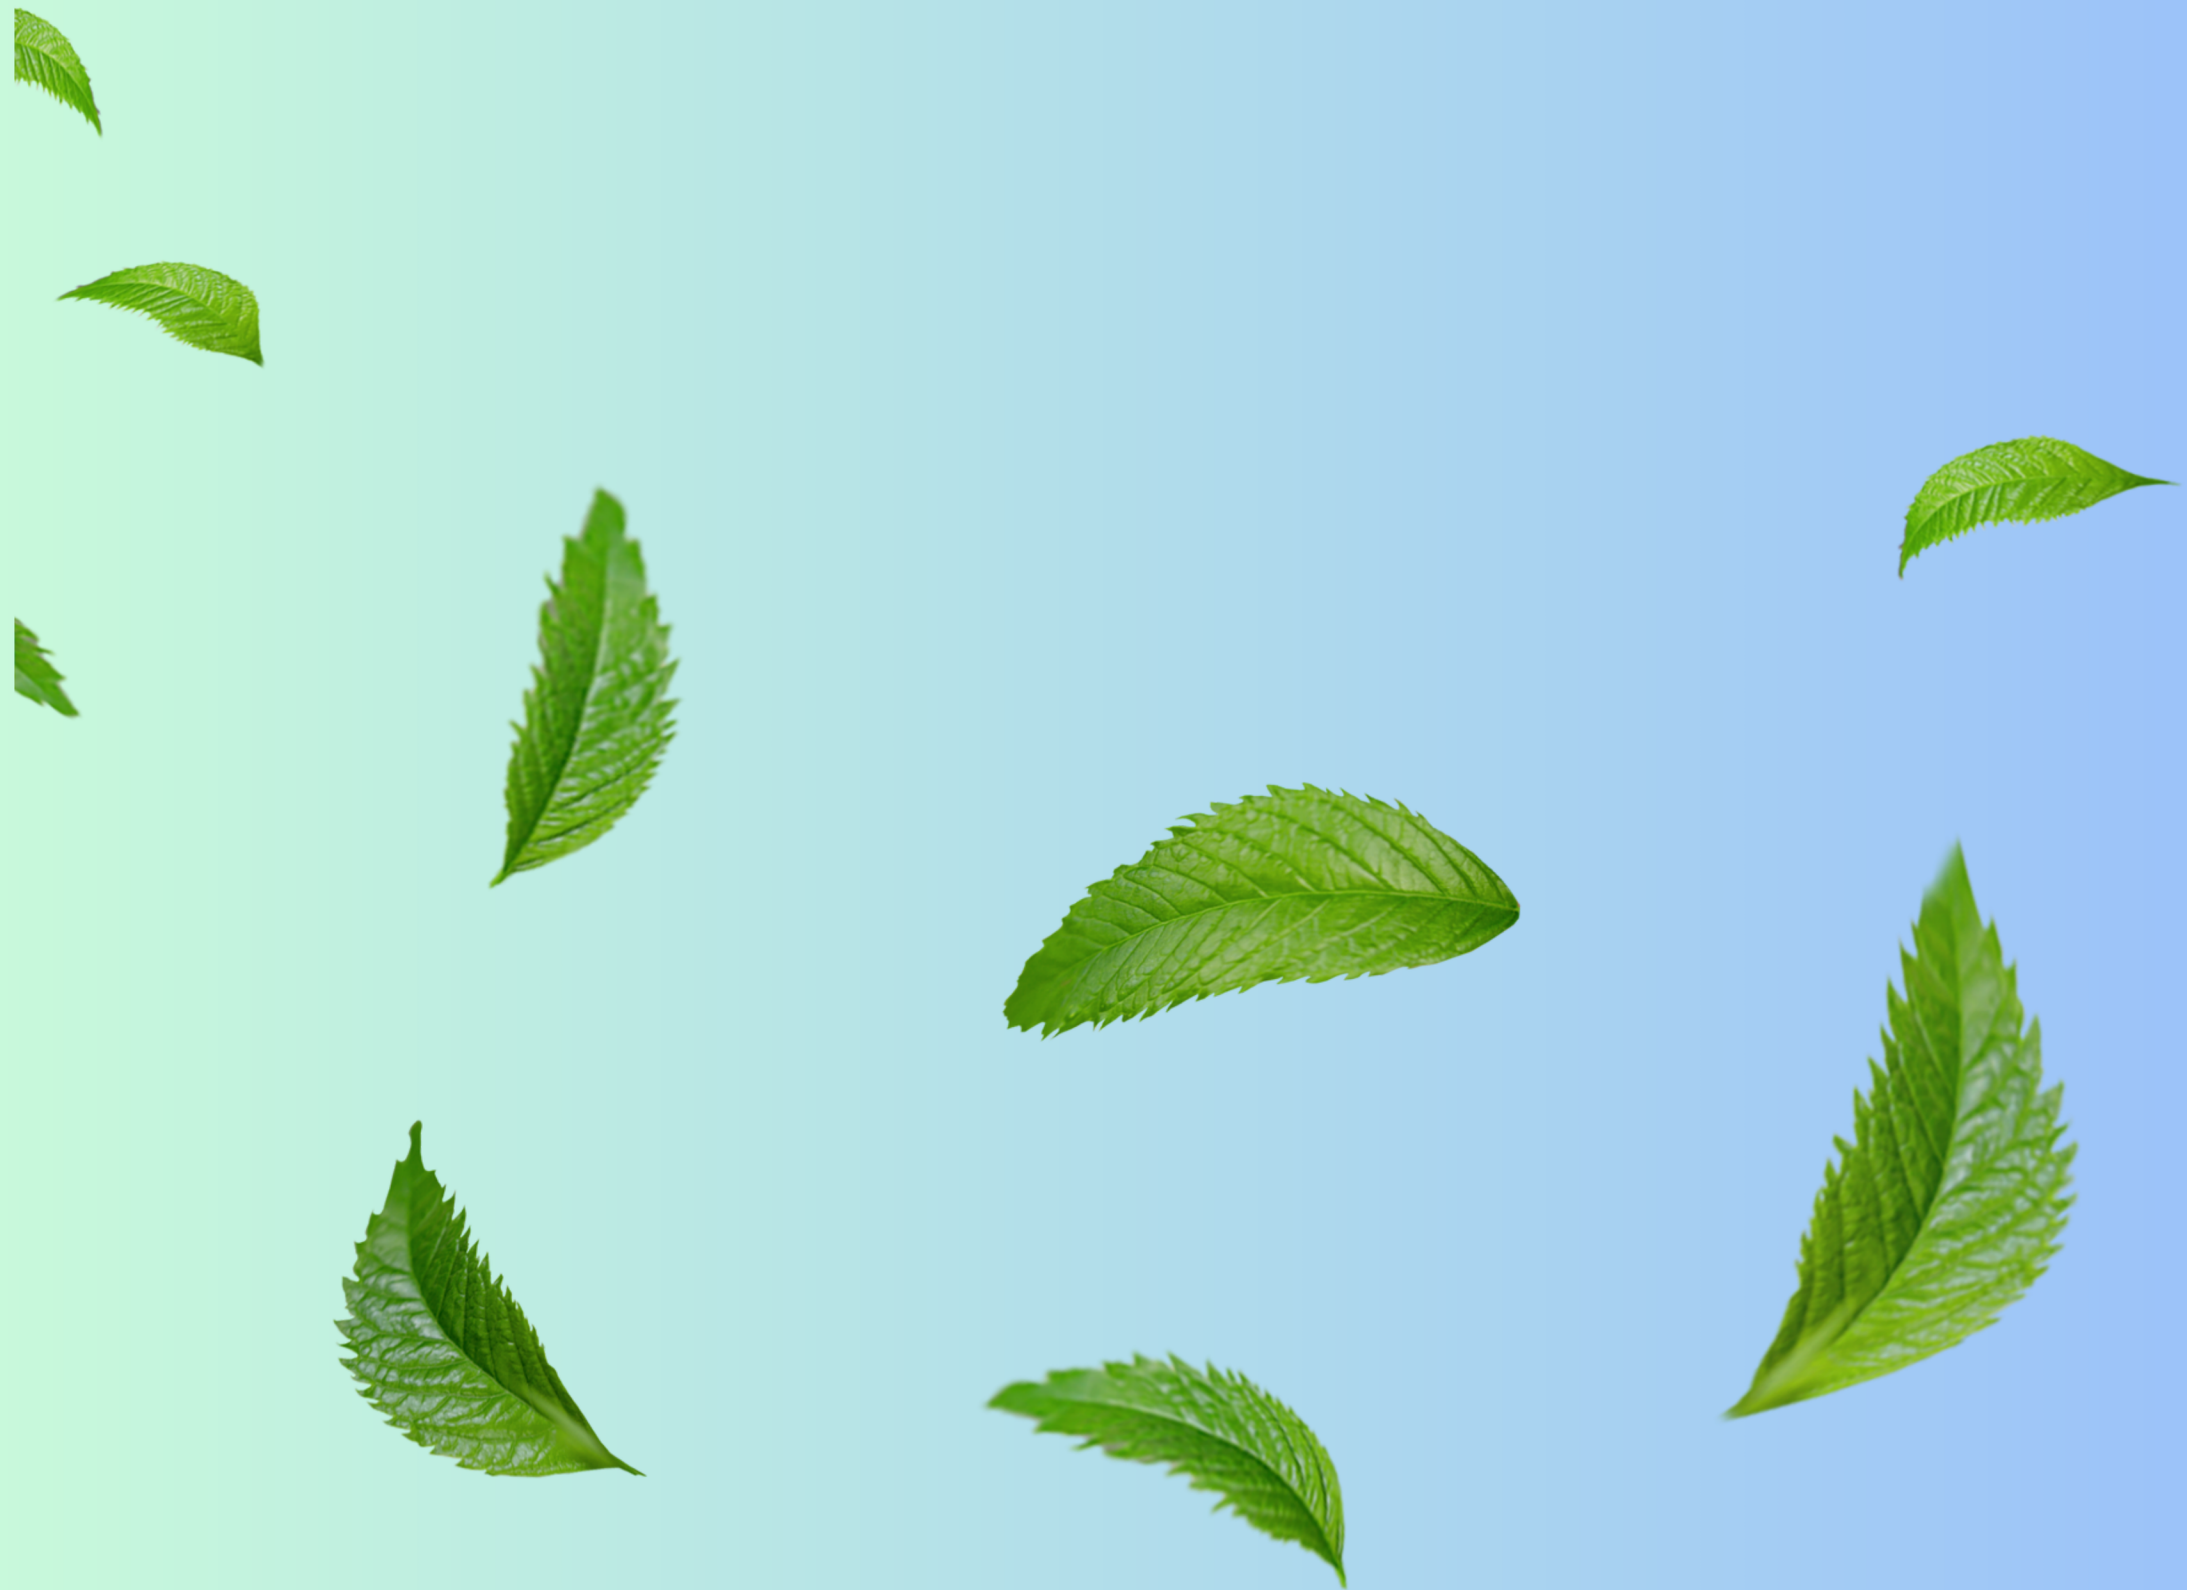

Amidst the challenges of aggressive cancers, the stories of cancer survivors shine as symbols of hope and resilience. When life seemed at its lowest and hope felt distant, D.S. Research Centre's ancient Ayurvedic treatment emerged as a ray of light. Witnessing patients transform and regain strength day by day, while effectively managing emergencies, rekindles hope in the fight against cancer.

## RAY OF HOPE

These survivors' journeys highlight the power of D.S. Research Centre's Ayurvedic approach. They experienced relief from cancer's grasp, gaining the strength to confront their challenges. With long-term treatment, these stories affirm that defeating this formidable disease is possible.

Through these remarkable accounts of reversal and triumph, we are reminded of the need for collective action in the pursuit of a cancer-free world. Combining modern medicine with the wisdom of ancient Ayurveda, we invite you to join us on this path towards hope and healing. Together, let's strive for a brighter and cancer-free future.

These stories are based on the real-life experiences and resilience of cancer patients who fight the disease with hope, courage, and determination during their treatment.,inspired by the transformative message of 'book Cancer is Curable Now'.
